

## FRIEDERICHSHAFEN ZEPPELIN WORKS WERE IN FLAMES

ATTACKED FROM ABOVE BY SQUADRON OF FRENCH AIRSHIPS

DARING AVIATORS FLEW ACROSS SOUTH GERMANY AND DID IMMENSE AMOUNT OF DAMAGE

Geneva, April 29.—Twice attacked within thirty-eight hours by French aerial squadrons, the Zeppelin works at Friedrichshafen have been badly damaged. The two main buildings are reported in flames. A dispatch states the damage will amount to a million dollars. Five German aircraft were destroyed. The French aviators flew directly over the plant.

Returning, the air fleet circled over Metz, dropping bombs and steel arrows. It also wrecked the railway stations and damaged cars and engines at Haltingen and Lorraine.

**DID LITTLE DAMAGE**  
Berlin, April 29.—A French aviator dropped six bombs in Friedrichshafen. Damage done is unimportant.

## MARION BOTTLING COMPANY HAS ITS NEW MACHINERY

Arrival of Up-to-Date Apparatus Enabling Management to Catch Up with Orders

After many delays on account of the non-arrival of machinery and its erection, the Marion Bottling & Ice Cream Company yesterday started its bottling apparatus. On account of the stack of orders piled up for Mo-Cola, the entire day was devoted to bottling this beverage and getting it to the out of town trade.

The home patrons are being served today under the personal supervision of Manager O'Farrell, who, in carrying out his slogan "Where Cleanliness is Paramount," is wearing a snow white regalia.

They are today bottling Red Rock ginger ale and several other of their brands of soda water, and expect within the week to catch up with their orders which have been accumulating for some weeks.

## ROUGH WEATHER PREVENTS RAISING

Submarine F-4 Still On the Bottom of the Sea

Honolulu, April 29.—The work which has been carried on for several weeks in an attempt to raise the submarine F-4 from the bottom of the ocean, has practically all been undone by the rough weather of the last two days. Only one cable is left holding to the hulk, it was learned today.

The scows used in the raising operations have been anchored to prevent them from drifting out to sea.

On account of weather conditions diving operations are impossible. Nothing more toward raising the hulk in which are twenty-five bodies will be done until the sea becomes calmer.

## BRITONS WILL REGULATE BOOZE

London, April 29.—Chancellor Lloyd George introduced in the House of Commons this afternoon a bill regulating the sale of liquors. He stated it was made necessary by the exigencies of war.

## AN UNDESERVED OMISSION

In printing the list of subscribers to the Oklawaha freight line fund yesterday, we inadvertently omitted Mr. B. Goldman, who came across with \$100.

## A SLUGGISH LIVER NEEDS ATTENTION

Let your liver get torpid and you are in for a spell of misery. Every body gets an attack now and then. Thousands of people keep their livers active and healthy by using Dr. King's New Life Pills. Fine for the stomach, too. Stop the dizziness, constipation, biliousness and indigestion. Clear the blood. Only 25c at your druggist. Ad. Tues, Thurs Fri.

May baskets The Murray Company.

## WE CANNOT ALWAYS WIN

Ocala Took Only a Goose Egg in the Game of Wednesday Afternoon

Yesterday's ball game between Winter Park and the locals at the Magnolia street diamond didn't draw a very big crowd on account of the torrents of rain falling just at the hour which the game was to have been called.

At a quarter past four o'clock, however, the game started with the announcement of the batteries by Umpire J. J. Gerig. Dr. M. C. Izlar umpired at the bases.

The game was a rather slow one on account of the extreme moist condition of the grounds, and was called at the end of the seventh inning on account of darkness, with the score standing 5 to 0 in favor of the visitors.

The game in detail follows:

**First Inning**  
Winter Park: Roberts walked; Mason out catcher to first; Roberts went to third; Will Hunter safe on second's error; Taylor was out, pitcher to first; Galloway's overthrow to third allowed Roberts to score, advancing Hunter to third; Porter was safe on first's error; Denning hit to short, scoring Hunter; Walter Hunter got a single to center, scoring Porter; Trovillion walked; Ross struck out. Three runs.

Ocala: J. Chazal flied out to left; Thompson walked; Harris struck out; Zewadski flied out to left.

**Second Inning**  
Winter Park: Roberts walked, but was caught napping at second; Mason walked; W. Hunter hit to second; Mason thrown out at second; Taylor hit between third and short; W. Hunter out at second.

Ocala: Davis hit between first and second; Dewey flied out to short; C. Chazal flied out to short; Bullock fanned.

**Third Inning**  
Winter Park: Porter flied out to left; Denning out third to first; Walter Hunter walked; Trovillion fanned.

Ocala: Galloway fanned; J. Chazal out second to first; Bishop hit to right field; Harris hit to center; Zewadski out pitcher to first.

**Fourth Inning**  
Winter Park: Rose fanned; Roberts hit to pitcher; Mason hit fly to second; Roberts tagged by second.

Fielder Hunter Stealing Hits from Ocala

Ocala: Davis safe on short's error; Dewey hit safe over second; C. Chazal hit to third, safe; Dewey out at second; Galloway hit to pitcher; Davis put out at home and Galloway out at first.

**Fifth Inning**  
Winter Park: Will Hunter out second to first; Taylor out short to first;

Porter hit to right; Denning out third to first.  
Ocala: J. Chazal out to left field; Bishop out to left field; Harris flied out to short.

**Sixth Inning**  
Winter Park: Walter Hunter safe by catcher missing third strike; Trovillion hit to pitcher, throwing Hunter out at second; Rose out pitcher to first; Roberts hit to center for two bases, scoring Trovillion; Mason safe on second's error, Roberts scoring; Will Hunter out to center.

Dewey Got All that Came Down the Third Base Line

Ocala: Zewadski hit over short, out trying to go to second; Davis out third to first; Dewey hit over third; C. Chazal fanned.

**Seventh Inning**  
Winter Park: Taylor walked; Porter sacrificed to third; Denning fanned; Walter Hunter out short to first.

Ocala: Bullock out third to first; Galloway out pitcher to first; J. Chazal out pitcher to first.

Walked by Galloway 6, by Rose 1; struck out by Galloway 4, by Rose 4.  
Score by innings: R H E  
Winter Park . . . 3 0 0 0 2 0—5 4 3  
Ocala . . . . . 0 0 0 0 0 0—0 6 1

Walter Hunter, the Winter Park left gardener, didn't let a thing pass him, and he is to blame for several long drives by the Ocala boys in his direction not being tallied as "hits."

Davis' unassisted double play in the fourth inning was a good one. He caught a hot liner hit by Mason and tagged Roberts between first and second.

Dewey's fielding throughout the game was splendid; his peg to first was faultless; and he got two safe ones to the outfield.

Taylor of Winter Park got some action in the game when he headed off Davis at the plate and Galloway at first in the fourth inning.

Manager Hunter says he has the greatest aggregation ever. They're cheerful in the face of adversities and come up smiling for the next round.

It is to be hoped that if the weather man has any rain to hand out today it will be after the ninth inning.

Outlook at 3:30 P. M.

May baskets The Murray Company.

## SECOND ATTACK ON STRAITS IS IN FULL SWING

CONFLICTING ACCOUNTS OF THE RESULTS COME FROM ATHENS AND CONSTANTINOPLE

Athens, April 29.—Details of the first big land engagement of the allies and Turks along the Dardanelles were received today, showing the allies won a clean victory despite a stubborn resistance. Both sides lost heavily. The battle started at dawn Wednesday and lasted twelve hours, the Turks retiring under the darkness of last night.

The allied fleet bombarded the forts. The allies captured an entire Turkish battalion on the Gallipoli peninsula.

Latest dispatches indicate that the second great attempt to force the Dardanelles is now in full swing by land and sea. The Turks are gathering for a second onslaught on the land forces on the southern end of the Gallipoli peninsula.

## A VERY DIFFERENT ACCOUNT

Berlin, April 29.—A dispatch from Constantinople says the land attack by the allies upon the Dardanelles has completely collapsed. The Turkish army under General Liman Von Sanders drove from the Gallipoli peninsula all the 80,000 allied troops, which attempted to gain a foothold. A portion of the enemy fled in the direction of their boats, and disappeared. Others hoisted the white flag and surrendered en masse.

One allied transport was sunk off Sarburun.

## "OFFICIALLY ANNOUNCED"

Constantinople, April 29.—The destruction of an allied transport off Gallipoli and the defeat of the British forces at Gabateph was officially announced today. A large number of the enemy were captured.

## DROWNED BY THE THOUSANDS

Later reports declare invaders estimated at four brigades driven into the sea on the coast of Gabateph.

## FIGHT WAS FIERCE

MORTAL COMBAT AT SILOA HAS THINNED OUT THE MEXICANS

Chihuahua, April 30.—Over nine hundred were killed in a battle between Carranza and Villa forces at Siloa Wednesday. Four-fifths of each side perished in the fighting.

## HAULING BY HUNDREDS

Long List of Winter Visitors Went Thru Ocala Wednesday on the Limited

The Seaboard limited Wednesday was some train. It was of ten coaches, seven of them parlor cars, and was loaded with tourists returning home. It had 350 passengers aboard when it reached Ocala.

## AMERICA ACCEPTS

German Proposition to Pay for the William P. Frye

Washington, April 29.—A second note from the United States to Germany concerning the sinking of the William P. Frye, by the commerce raider Prinz Eitel Friedrich was dispatched to Berlin yesterday. It is understood it accepts the German proposal to compensate the owners of the Frye under the terms of the old Prussian-American treaties of 1799 and 1828, regardless of any prize court decision.

## MILLIONS OF FAKE MONEY

Moving Unmolested from the United States to Mexico

San Francisco, April 29.—Millions of dollars of Mexican counterfeit paper money is being freighted toward the Mexican border. The United States authorities, though knowing the fact, are taking no steps, because America recognizes no Mexican government.

## BAND REHEARSAL

There will be a band rehearsal to night at 8 o'clock. All members are urged to attend.

W. W. Condon, Director.

May baskets The Murray Company.

## CAPTURED SIXTY-THREE CANNON

FROM FRENCH AND BRITISH IN FLANDERS

VICTORY ALSO FOR GERMANS AT VERDUN--PUSHED RUSSIANS BACK IN POLAND

Berlin, April 29.—The allies' attacks north of Ypres and along the west bank of the Yser canal were repulsed. Sixty-three cannon have been captured by the Germans in this region. The Germans also made gains southeast of Verdun.

The Germans have gained against the Russians in northern Poland and near the Bzura river. They occupied the village of Kovale south of Kalwarja, and captured the Russian point of support south of Sochaczew.

## SLOW BUT SURE

IS ADVANCE ALL ALONG THE WESTERN FRONT BY THE ALLIES

Paris, April 30.—Slowly but surely the Germans are being forced back in the region around Ypres. The allies continue a violent offensive. The pressure has been increased by the arrival of heavy French reinforcements into Flanders.

The allies are making progress on the right bank of the Yser. With continuous desperate assaults in the Champagne district, the French have recaptured half the trenches taken by the Germans near Beauséjour.

## TEUTON LOSS TREMENDOUS

Petrograd, April 29.—Along the 800-mile battle line from the Baltic to Bukovina, fighting has been resumed at many points. It is most severe in the Carpathian heights, 50 miles west from the Uszok pass to Stryj. The Teutons have gained some ground but at a tremendous loss.

## WITH AN EYE TO BUSINESS

An Ocala physician has received the following disinterested offer from a Keeley cure in a nearby city—managers of said cure evidently not being wiser to the school of ethics in which Marion county doctors have studied:

"Dear Doctor: We will mail you our check for \$10 for each and every drug or liquor patient directed to us by you, during the year 1915, who pays us in cash the full price, \$140, for four weeks' treatment, board and room, and presents to us on entering the institute a letter of introduction from you. Should a patient present letters of introduction from more than one physician, the commission will be pro-rated. Enclosed herewith is a booklet containing a few testimonials from some of the most prominent business people of our city. We would be glad to hear from you or have you call on us at your convenience."

## LIBRARY WANTS A ROOM

The ladies of the Ocala Library Association after tomorrow will be without a roof for the library, as, in the moving of the Board of Trade to the Carn building there will not be room for the library which, for some time, has had space free of charge in the Board of Trade room.

Will some one not be public spirited and generous enough, the ladies ask, to tender them the free use of a room or office until definite arrangements can be made for the library. They are without funds with which to pay rent, and if the books are put in storage it will be a great disappointment to many.

All friends of the library would appreciate the offer of a room if some one would tender it.

## WHOOPING COUGH

Well—everyone knows the effect of nine forests on coughs. Dr. Bell's Pine-Tar-Honey is a remedy which brings quick relief for whooping cough, loosens the mucous, soothes the lining of the throat and lungs, and makes the coughing spells less severe. A family with growing children should not be without it. Keep it handy for all coughs and colds. 25c. at your druggist.—Adv. Tues, Thurs, Fri.

May baskets The Murray Company.

## ROOSEVELT ONLY WAS RESPONSIBLE

FOR TENNESSEE COAL AND IRON DEAL IN 1907

Syracuse, April 29.—Mr. Roosevelt today took on his shoulders full responsibility for the Tennessee Coal and Iron Corporation deal in 1907, as he wound up the direct testimony in Barnes libel suit. He declared he acted "in a pinch," to save the country, which was threatened with a financial panic. The panic was stopped.

Attorney Ivins for the prosecution objected strenuously several times to Roosevelt's explanation of the ratification of the deal but the judge allowed the witness to proceed.

## CARLOAD RATES ON FLOUR BEFORE COMMISSIONERS

Tallahassee, April 28.—The railroad commission today had a hearing on a petition for a reduction of carload rates on flour, hay and grain within the state. The rates are asked to be reduced 25 per cent on carlots. At present the package rate is the same as a car rate, and wholesale dealers think the reduction necessary. Representatives of the Atlantic Coast Line, Seaboard, Florida East Coast, Georgia, Florida & Southern and Georgia, Florida and Alabama railways were present, as was J. D. Rooney, for the Ocala Board of Trade. The commission took the matter under advisement.—Times-Union.

## CARE OF THE EYES

Health as Well as Beauty Demands That Eyes Get Attention

The woman who takes care of herself should give as much attention to her eyes as she does to her skin or to her hair. In the first place after driving or being in the dust of the city or country she should wash or bathe her eyes with tepid water. This removes the irritating dust or small particles. After reading or before going to bed she should bathe the eyes with salt water or tepid water to which is added a pinch of salt, and using an eye cup, will be surprised at the difference in the sparkle of the eyes. If inflamed they should be bathed several times a day. The dull, sunken eyes, the hollow circles and the sallow complexion of many women is due, however, to the complaints and diseases peculiar to women. The best thing I know for this is Dr. Pierce's Favorite Prescription, because it is a temperance tonic, being made of roots and herbs with pure glycerine. It establishes regularity, heals inflammation and banishes pain. Dr. Pierce publishes the ingredients on the wrapper so it is not a secret and I have seen many women cured by it and not only that, but the dull sunken eyes, the sunken cheeks and bust, have taken on a sparkle and healthful appearance. Thousands of women have testified to having been cured of womanly diseases by this prescription. It speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women. It banishes pain, headache, backache, low spirits, hot flashes, dragging-down sensations, worry and sleeplessness surely and without loss of time. Keep the bowels healthy by using Dr. Pierce's Pellets. They don't gripe. Mrs. H. Beasley, 414 Palmetto St., Sanford, Fla., says: "Dr. Pierce's Favorite Prescription, I am pleased to state, did me most excellent good when I was suffering from a woman's trouble. The calming, quieting, and I might say building up effect of this fine medicine soon changed these things to my entire satisfaction. My general health was greatly reduced, in that I was without strength, nerves were unstrung, and my sleep was provokingly disturbed. At times I would have painful misery through the back and down my lower limbs. Not only were these difficulties corrected but my general broken-down health as well. This result has been permanent, as I now enjoy the best of health. May other afflicted women be influenced by my experience." Ad. 14

Smoke Cuban Club, 5c Cigar.
